

Jeffery Palmer

Applied Scientist

james31@example.net | 599.990.9489 | Samueltown

SUMMARY

Applied Scientist with 10+ years building large-scale systems. Comfortable across Python, SQL (PostgreSQL, MySQL), Deep Learning. Enjoys owning a problem end to end, from design through on-call.

SKILLS

Python • SQL (PostgreSQL, MySQL) • Deep Learning • Docker • NLP • TensorFlow 2 • model deployment & monitoring • Torch

WORK EXPERIENCE

Applied Scientist - IBM

2023 to Present

- Cut inference latency from 320ms to 160ms through quantisation and batching.
- Fine-tuned a pretrained PyTorch model on 220K labelled inventory examples.
- Wrote drift monitoring that alerted on a 31% distribution shift in notifications inputs.

ML Engineer - Microsoft

2021 to 2023

- Built the feature pipeline feeding 5 features from MySQL into the payments model.
- Deployed the notifications model behind a REST endpoint serving 3M predictions per day.
- Trained and shipped a random forest model for catalog, improving recall from 12% to 16%.

Machine Learning Engineer - Fractal Analytics

2018 to 2021

- Wrote drift monitoring that alerted on a 44% distribution shift in risk inputs.
- Fine-tuned a pretrained TensorFlow model on 3M labelled claims examples.
- Deployed the search model behind a REST endpoint serving 600K predictions per day.
- Built the feature pipeline feeding 18 features from Snowflake into the inventory model.

Applied Scientist - NVIDIA

2016 to 2018

- Reduced training cost by 51% by moving from full retraining to incremental updates.
- Built an NLP pipeline over 3M documents for risk classification using spaCy.
- Trained and shipped a logistic regression model for search, improving precision from 24% to 64%.

ACADEMICS

B.Sc in Computer Science

VIT Vellore (2013 - 2016)

ACADEMIC PROJECTS

Resume Classification System

spaCy text classifier over 12K documents, 51% F1.

Demand Forecasting Model

Time series model reducing forecast error by 21%.

CERTIFICATIONS

- Google Professional Data Engineer
- AWS Certified Solutions Architect - Associate

HONORS & AWARDS

- Ranked in the top 27% of 7 participants in an inter-college coding contest.
