

Dra. Catarina Silva

Quantitative Analyst

xborges@example.org | (021) 0407-6384 | Barbosa

PROFILE

Quantitative Analyst with 10+ years building large-scale systems. Comfortable across Machine Learning, SQL, sklearn. Enjoys owning a problem end to end, from design through on-call.

TECHNICAL SKILLS

Machine Learning • SQL • sklearn • A/B Testing • data viz • experiment design

PROFESSIONAL EXPERIENCE

2023 - Present

Quantitative Analyst, Ola

- Built a logistic regression model for search that improved precision by 21% over the existing baseline.
- Backtested the logistics model on 15 historical quarters before rollout.
- Built causal impact estimates for the billing launch when a clean A/B split was not possible.
- Segmented 220K customers into 16 behavioural clusters that drove the onboarding campaign.

2019 - 2023

Quantitative Analyst, Google

- Designed and analysed 24 experiments on billing, of which 2 shipped.
- Built causal impact estimates for the claims launch when a clean A/B split was not possible.
- Communicated billing model limitations and failure modes to non-technical leadership.

2015 - 2019

Quantitative Analyst, Amazon

- Wrote the metric definitions and power calculations for the search experimentation framework.
- Communicated claims model limitations and failure modes to non-technical leadership.
- Productionised the risk scoring pipeline with 5 engineers and monitored it post-launch.
- Backtested the inventory model on 12 historical quarters before rollout.

ACADEMIC BACKGROUND

Senior Secondary (Class XII), CBSE

Delhi Public School (2009 - 2011)

B.Tech in Computer Science

Savitribai Phule Pune University (2011 - 2015)

PROJECTS

Churn Prediction

Survival model predicting churn 11 weeks ahead.

AWARDS

- Winner, notifications track at the national R hackathon.
- Ranked in the top 24% of 6 participants in an inter-college coding contest.

CERTIFICATION

- AWS Certified Solutions Architect - Associate
- Microsoft Certified: Azure Data Scientist Associate
